

## Snacks to go with alcohol are side dishes for rice, right?

In an everyday conversation:

A. I'm in a pinch this month!

B. What about money? How much do you have right now?

A. A little over ¥5,000

B. When is payday?

A. 10 days from now

B. You're so rich you've got plenty of cash!

I've never seen anyone that rich before...!

If you follow my example, it won't even cost you ¥1,000!

A. But what about snacks to go with your drinks?

B. What do you mean, snacks to go with your drinks?

You mean side dishes to go with your rice, right?

A left without saying a word...
