

Everyone can't judge a book by its cover

By the way,

Actor Hiroshi Abe weighs 75kg,

Hirokun weighs 80kg,

and he appeared in the bathhouse movie "Thermae Romae" with "Aiueto"

Thank you.

I don't celebrate myself (I don't do anything special), but I do.

I usually think of birthdays as one day out of 365, along with

① New Year's ② Christmas.

By the way,

A birthday is the exact day you were born.

A birthday celebration is celebrating your birth.

The official definition of a birthday is...

**"Today marks exactly \* \* \* years since you were born"**

I think the correct answer is...

Also, by the way, it depends on the person.

**"Today marks exactly ※※※years and 6 days since you were born"**

I think it's also possible to say...
