

The existence of negative-thinking people who specialize in envy

My growth towards skill improvement ➡ Improvement ➡ Envious thoughts naturally increase

I demonstrate this in public, post it on YouTube videos and my website

Therefore, as I grow,

the title

"Negative-thinking people who specialize in envy will naturally increase" is

which is quite natural

However, at that point,

①People who switch to positive thinking

②People who prioritize the feeling of envy because they feel they can't do it and switch to negative thinking

There was a similar piece of work before,

(Extra Chapter)

Yesterday morning, I got yelled at by a stranger (probably the building owner).

Well, I had left my cigarette butts there without permission, so it was only natural that I got yelled at.

I swore I would never go there again.
